

"DISTINGUISHED LECTURER SERIES"

spring 2004

Prof. Wolfgang Fichtner

Head, Integrated Systems Laboratory ETH Zentrum, ETZ, Switzerland

"Computational Electronics: Past, Present and Future"

January 16, 2004 - 3:30 pm, Aula Magna, DEI

Prof. Anton Zeilinger

Professor of Physics and Institute Director
Institute of Experimental Physics
University of Vienna, Austria

"Quantum Entanglement: Einstein's Spookiness in Action"

February 13, 2004 - 3:30 pm, Aula Magna, DEI

Prof. Andrei Chi-Chih Yao

William and Edna Macaleer Professor of Engineering and Applied Science
Computer Science Department Princeton University, USA

"The Enjoyment of Computing Theory"

May 7, 2004 - 3:30 pm, Aula Magna, DEI

Prof. Gregory Stephanopoulos

Bayer Professor of Chemical Engineering Department of Chemical Engineering
Massachusetts Institute of Technology, USA

"System Biology and Biological Engineering: Integration and Quantification, the Needs of New Biology and the Engineering Ethos"

May 14, 2004 - 3:30 pm, Aula Magna, DEI

Prof. Fred C. Lee

Lewis A. Hester Chair The Bradley Department of Electrical and Computer
Engineering, Virginia Tech, USA

"Integrating Power Electronics Systems Via IPEM (Integrated Power Electronics Modules)"

May 27, 2004 - 3:30 pm, Aula Magna, DEI
