

Joint Annual Meeting of GTTI-CNIT- Pavia – 26-28 June 2019

Call for Poster Submissions (CNIT/GTTI)

The scientific program of the meeting will host a space dedicated to the contributions of PhD Students and young Researchers (less than 3 years after graduation) in the following thematic areas (CNIT/GTTI):

- Transmission
- Signal Processing
- Telecommunication Networks
- Remote Sensing

with particular emphasis on works on application driven and/or interdisciplinary approaches related to telecommunications.

Interested parties are invited to send their contributions in the form of a brief description of the research that has been undertaken (for PhD students it will be sufficient to transmit a copy of the research annual activity report produced to the Doctorate College for admission at the end of the first or second year, or a description of max 1 page for students enrolled in the first year) and a brief curriculum vitae (including a list of publications). Each proposal should specify the thematic area of interest.

The selected students will present their research activities in the form of posters and a short introductory oral presentation, scheduled on June 27, according to the meeting program.

Among the selected contributions, the Scientific Committee will indicate some that will be specifically assessed by a special joint commission CNIT/GTTI for the award "Premio Francesco Carassa 2019," contributed with 750€ by CNIT for each awardee.

Before the Poster Session, the authors will have one minute each to introduce, using two slides, the content of their work, in order to interest the scientific community and the experts present at the meeting in visiting the location of the poster.

Each poster must be printed on an A1 sheet.

The documentation must be submitted, formatted as a single pdf file, using the following website:
<https://easychair.org/conferences/?conf=gtti19>

Important dates

Submission deadline: **May 28, 2019**

Notification of admission: **June 6, 2019**

The Scientific Committee

Gennaro Boggia (coordinator), Polytechnic University of Bari

Roberto Bruschi, University of Genoa

Claudia Campolo, University "Mediterranea" of Reggio Calabria

Fabiola Colone, University "La Sapienza" of Rome

Nicola Conci, University of Trento

Fulvio Gini, University of Pisa

Virginia Pilloni, University of Cagliari

Alberto Signoroni, University of Brescia

Stefano Tomasin, University of Padua
